

# cREATIVE sKILLS aSSESSMENT

If you're concerned a lack of skills is holding you back, this simple assessment might help you to nail down where you need more support. We've started you off with the below list of skills that creatives across all fields might benefit from honing. Tick any that apply and add any additional detail (e.g. 'Adobe Illustrator' for Technology) before having a good look at what's missing. There's space on page 3 for you to add more skills as well as write down any notes or actions.
